Mission

Our mission is to help students develop the academic, professional and social skills that are essential to compete successfully in today's financial job market. We do this by facilitating interaction between business leaders, faculty and fellow students as well as providing students with optimum exposure to the financial industry.

What are the benefits of membership?

Networking opportunities

On campus speakers and trips provide students an atmosphere that is aimed at meeting business professionals, fellow students and faculty.

Trips to financial institutions

Each semester students have the unique opportunity to visit financial institutions in a wide variety of financial fields in cities throughout the U.S.

Leadership opportunities

There are seven officer slots that allow students to take an active role in the success of Student Finance Association.

Social Events

SFA members participate in a number of events, such as the Career Fair Social, Finance Advisory Board Social and the SFA Pub Crawl.

If you have any questions regarding a membership with SFA, please visit our website or contact our faculty advisor Scott Hendrix at Hendrix@ksu.edu.
